## INTRODUCTION TO SCIENTOLOGY

### A FILMED INTERVIEW WITH L. RON HUBBARD

An absorbing filmed interview with L. Ron Hubbard, the Founder of the Scientology applied religious philosophy entitled "Introduction to Scientology", has been released from Saint Hill to Scientology organizations throughout the world for showing to Scientologists and the public.

In this exclusive interview filmed in Ron's study, the interviewer, Tony Hitchman, a professional television interviewer at the time, asks — and Ron answers — the kind of questions *non-Scientologists* ask most.

At the beginning of this informal interview, Ron makes known the reason for his interest in truth and the search for it. When very young, living in Asia and seeing the depths of human misery and degradation visible there, he asked the question, "What is man?" To his astonishment no one could give him the answer. In a world of increasing threat and insanity Ron made it his life work to find the all-important answer himself to this burning question. He did find it. For the total answer to this question exists in the *Scientology* philosophy, the road to total freedom.

And because he found it, others can find the answer too. To help them do this, Ron established *Scientology* Organizations and Centers throughout the world. When asked to describe the *Scientology* philosophy, he humorously points out that the question asked is comparable to: "What are the contents of the Encyclopedia Britannica? Answer in one word."

He does answer the question, however, to the satisfaction of each viewer of this vital film. He approaches the *Scientology* philosophy from its various viewpoints and illuminates each one thoroughly. Hear Ron expand these areas as he views them.

*Excerpts from the Film Interview*

*Interviewer:* DID YOU READ WIDELY OF PHILOSOPHY?

*LRH:* Yes. Actually I have a degree in philosophy, a Doctor of Philosophy; but the philosopher, of course, spent most of his working years in his ivory tower and he was pretty well insulated from life. To even know life, you've got to be part of life, you must get down and look, you must get into the nooks and crannies

of existence, you have to rub elbows with all kinds and types of men before you can finally establish what man is.

*Interviewer:* AND YOU IN FACT DID THIS.

*LRH:* Yes. I slept with bandits in Mongolia and I've hunted with pygmies in the Philippines. As a matter of fact I studied twenty-one different primitive races, including the white race, and my conclusions were that man, regardless of his state, culture and so forth, was essentially the same: that he was a spiritual being pulled down to the material and I concluded finally that he needed a hand.

*Interviewer:* NOW WHAT WAS THE FIRST STEP IN THE FORMULATION OF THE SCIENTOLOGY PHILOSOPHY? WHAT WAS THE FIRST MAIN PIECE OF DATA THAT YOU MANAGED TO GET DOWN FOR YOURSELF?

*LRH:* That is an interesting question, because when I first entered the university I took science and mathematics. I was forced to take this rather than philosophy, which was my natural bent, and I learned the rules of logic and of scientific approach. These things, by the way, are not generally known to philosophers and my first effort was to find a common denominator to all men. I had seen man in his more primitive states and I had seen him in his highly cultured states and I knew if one could isolate a common denominator that embraced all men then perhaps from that we could unlock this riddle.

*Interviewer:* YOU MENTIONED JUST NOW THAT YOU DISCOVERED FOR YOURSELF THAT MAN IN FACT WAS A SPIRITUAL ANIMAL, WAS A SPIRIT, IN FACT. TO WHAT EXTENT DO YOU SEE THIS? ARE YOU COMPARING THE SCIENTOLOGY PHILOSOPHY WITH A RELIGION HERE THAT SEES MAN AS A SPIRIT?

*LRH:* Well, man has conceived man to be a spirit for many more years than he has conceived man to be an animal, or a materialistic thing. We have a 2,000 year history of man as a spirit, whereas we have less than a century of considering man simply mud, and therefore my study is more traditional than most philosophies today. Man poses a great many problems and he is so varied from culture to culture, from type to type, race to race that when I discovered the common denominator of existence I could go forward from that point. I discovered that the common denominator of existence was *Survive*. Whatever else man was trying to do, whether he was cultured or primitive, he was attempting to survive. Then one had to move forward from this point to find out what methods he used to survive, how he adapted himself to environments in his attempt at survival and one found out that man advanced to the degree that he preserved his spiritual integrity, that he preserved his values, that he remained honest, that he remained decent, and he disintegrated or deteriorated to the degree that he abandoned these things and adopted more evil courses.

*Interviewer:* WHAT IS THE PRACTICAL APPLICATION OF THE SCIENTOLOGY PHILOSOPHY FOR THE AVERAGE MAN IN THE STREET?

*LRH:* The average man is up against problems. He's asking himself, "How can I make more money. How can I make my wife faithful to me? How can I help my children grow up?" These questions absorb a tremendous quantity of his energy. But he can't do anything about it because he is so immersed in it. So in Scientology processing he resolves these questions, he understands what he is doing, and he turns from a man who is simply a puzzled static being into somebody who is more than that.

*Interviewer:* HOW CAN THE SCIENTOLOGY PHILOSOPHY HELP MAN TO OVERCOME THESE PROBLEMS?

*LRH:* We live in a world where we have governments and we have societies and so forth who are desperately trying to help man. They're trying, however, to solve his problems for him and their efforts to solve his problems for him have not really resulted in any great advance for man. Now the real work is to put man in a mental condition where he can solve his own problems, and the aim and goal of Scientology is to take an individual or a group and by taking individuals in the group, put them in a position where they can confront their own problems and solve their own problems and so bring themselves up by their own boot straps. If we take a man and keep giving him advice and giving him help and pushing him along, we don't necessarily wind up with the resolution of his problems. But if, on the other hand, we put him in a position where he can confront life better, where his reaction time is better, where he can identify the factors in his life more easily, then he's in a position where he can solve his own problems. And so he looks around, starts solving his own problems and so betters his own life. That is the difference between Scientology and other efforts to help man.

**BODY**

**Interviewer:** MR HUBBARD. ADMITTEDLY THIS WOULD SEEM TO BE BOTH A MENTAL AND A PHYSICAL APPROACH TO LIVING IN THIS WORLD AND TO HELPING PEOPLE TO LIVE BETTER IN THIS WORLD, BUT WHERE DOES THE SPIRITUAL SIDE COME IN IN THE SCIENTOLOGY PHILOSOPHY?

**LRH:** Well, it's very interesting that the more you try to help man physically, apparently, the less progress you make. It was only when I began to treat man as a spiritual being who was not really dependent upon the body or the flesh that I made any progress at all. Man is a spiritual being, he is not a piece of fluff. And when you begin to handle man on the basis that he is a spirit, that he has unlimited ability, that he is not necessarily pinned down into such things, as "Everybody has just so much I.Q. and they never can increase their I.Q.," we win. Only if we don't consider him a spirit do we lose. But when we say he is a spirit of infinite capability, then try to improve that capability, in that way we win and we win very, very profitably and very easily.

**Interviewer:** THIS PERSON CALLED AN AUDITOR, WHO IS A PRACTITIONER IN THE SCIENTOLOGY TECHNOLOGY, JUST HOW MUCH TRAINING DOES THIS PERSON GO THROUGH?

**LRH:** He goes through very intensive training. Usually in a city somewhere in the world, he attends an Academy and he is trained there. It actually isn't fair to state the total time of training because he is trained very intensively, sometimes a year, sometimes more, and his training is normally finished off by coming to a higher level organization and he is trained there for more than a year. But the overall training of an auditor compares to the same number of class hours in college of about twelve years.

**Interviewer:** DID I UNDERSTAND FROM YOU THAT THE I.Q. GOES UP IN SCIENTOLOGY?

**LRH:** Yes, and this is the one thing that Scientology has upset the world's universities with. They (the professors, and schools of psychology) used to say that I.Q. never, never changed, that nobody could be any different than they were and this was quite interesting because when we finally demonstrated this with their own I.Q. test, they became very upset and began to test much more widely. They tested people before Scientology processing and after Scientology processing and uniformly found that I.Q. had been raised.

**Interviewer:** I'D LIKE NOW TO TAKE SOMEBODY WHO WOULD LIKE TO GET INTO SCIENTOLOGY. HOW WOULD THEY GO ABOUT THIS?

**LRH:** Well, normally they read a Scientology book and they may read quite a few books and go around and about Scientology for sometimes 2,3 or 4 years. Then, when they are really in Scientology, they will belong to a group and they will get auditing. Their I.Q. goes up, their abilities increase, they are more capable of handling their lives. Then when somebody decides to be an Auditor he goes to an Academy and studies and learns how to be an Auditor and so help others.

**Interviewer:** CAN YOU DESCRIBE PROCESSING?

**LRH:** Processing is the principle of making an individual look at his own existence, and improve his ability to confront what he is and where he is.

**Interviewer:** HOW IS THIS BROUGHT ABOUT?

**LRH:** You just ask the person to look. Of course, you are asking a very technical question. An Auditor has to be able to get his questions answered and the individual who's being processed finally has to answer the questions. The question is asked until it is totally answered and the person is totally aware that he has answered it.

**Interviewer:** NOW IN YOUR PROCESSING YOU WORK ON THE MIND DON'T YOU?

**LRH:** Well, yes, but let me give you an example here. We speak of the body and there is a body. Then there's an invisible thing, somewhat invisible, but nevertheless containing mass and space and energy, electrical potential and so forth, which surrounds this, which you call the mind and in that mind is recorded every experience the person has ever had. These experiences are recorded continuously. Then, within all that, centralized, you have the spirit and it does not have mass and it does not have a body. All it has is a being, a sense of identity, the ability to create, the ability to be. That is the spirit and that is you. You ask somebody what is a spirit and you might as well ask how are you? You get the same response. But anyway, there is this mind and there is a body, so actually a spirit is wearing a mind and is wearing a body and when you audit or process a person he is then able to confront this mind, which hitherto has been totally invisible to him.

**Interviewer:** NOW I KNOW YOU ANSWERED THIS IN PART A SHORT WHILE AGO BUT I

WOULD LIKE TO COME BACK TO THIS POINT. YOU MENTIONED THEN THAT MAN IS A SPIRIT. IN TERMS OF SCIENTOLOGY, CAN YOU DEFINE THE SPIRIT IN ANY WAY?

**LRH:** Yes. Man has been interested for a very long time in what a spirit was. He was also very mystified as to what a spirit was and he talked about ghosts and places being haunted and so on, and this is one whole line of approach. He talked about the human soul and how it went to heaven and it went to hell, and he was very much adrift on this as he was both afraid and ignorant. It was rather amusing to find out that he is it, he is a spirit. The early Greeks, for instance, worked along this line. They wanted to know what man was. They concluded that he was a spirit clothed in flesh, and that happens to work out. The reason Scientology assumptions can be considered true is because they work. Scientology is a totally workable science. We are not interested in theories or absolutes. We are interested in what produces results. If you know certain things and you apply them and that then increases a man's I.Q., increases his ability to handle the world around him, why then he naturally is able to do better and do more, to make more money, to be happier in his environments, then you have results. When you approach him as a spirit then you succeed. When you approach him as though he was just a mechanical monster of some kind or

another, ten stones of flesh or something like that, you don't increase his I.Q. We prefer the tactics which work, not the tactics which are merely stylized or which we are supposed to have.

**Interviewer:** DO YOU THINK THAT MAN IS BASICALLY GOOD?

**LRH:** Man is basically good, yes. His experience has led him into evil and he very often solves his problems from his own point of view only. And when he solves his problems from his own point of view, of course, he gets other points of view into trouble: what is good for a duck hunter is not good for the duck.

**Interviewer:** DO I UNDERSTAND FROM THIS, THEN, THAT THROUGH SCIENTOLOGY PROCESSING YOU CAN SHOW MAN WHERE HE'S GOING WRONG AND HELP HIM IN THIS WAY; IN OTHER WORDS, HE HELPS HIMSELF?

**LRH:** He helps himself. We do not say you must do this, you must do that and so forth. We show him only how to confront his existence, how to handle his immediate problems and he progresses up the line toward greater spiritual freedom, he learns that there are wrong ways to go about things and right ways to go about things and he gradually drops away the short-cuts to fortune, the short-cuts to fulfillment of his desires that we normally associate with evil practices, and he becomes an honest man.

**Interviewer:** AS YOU PROCESS THE INDIVIDUAL, DO YOU FIND THAT HE GETS BETTER AND BETTER AND MORE ABLE? IS THERE ANY END TO THIS?

**LRH:** Yes, it is a finite state known as Clear, and that means that the individual has erased what the Freudian said was his basic illness, which is his reactive mind. This unconscious mind has gone and he is totally alert and totally capable. This state has been achieved and our programme in this actually has just culminated these last few months. Research is finished at this particular time because we are making such individuals and we are making them regularly and we are making them routinely.

This is the Scientology philosophy. What more can be said about it? A great deal! And Ron says it as he clarifies its many aspects throughout the film. He answers other questions such as, "What is the mind?" "Are Scientologists religious?" "Through Scientology is it possible to reach towards God?" Why is man on this planet and what is his purpose here?" And many more!

## What Scientology Can Do for You

All that Scientology has to offer is understanding. What a simple statement that is and yet that one word, understanding, is the key to all of man's problems and opens the door to a future without fear, without sickness, without insanity, without death, for beyond that door is the road of truth, of beauty, of creation, of hope unlimited where a man can create a universe of his own.

This is the road that Scientology follows and by following that road, by refusing to deviate from that road no matter what, no matter what precious "traditions" had to be discarded, no matter what opposition he encountered, L. Ron Hubbard has broken through the seemingly insurmountable barriers that have frustrated man's attempts to understand the human mind. And it is this truth, this understanding of life, that Scientology offers you through its technology of processing and training.

With Scientology the sick can be made well, the insane sane and the able more able than was dreamed possible by even the most optimistic of savants. Documented proof of this we have by the carload, but the proof that really matters is the proof you provide yourself by trying Scientology. We have nothing to hide. You are not asked to join a secret fraternity, for secrecy, mystery, is the enemy of truth. The knowledge of Scientology is available to all who reach for it. It is as simple as that.

Through Scientology processing (the application of Scientology technology in order to remove unwanted, unnecessary conditions in your life) and training you follow clear, concise

and easy steps to full understanding of Scientology data, yourself, others and life. This combination of processing and training first of all remedies your problems in life in order that you may advance towards higher states of existence and understanding.

For instance, processing, like training, is done in stages or Grades. We call these the Grades of Release, in that at each grade you are released, in the true meaning of the word, from conditions in your own life and environment that prevent you from being more able than you are. For instance, the first four Grades of Release attained in processing accomplish the following. There is no maybe or perhaps about it.

**Grade 0 —** Improve your ability to communicate.

We instinctively revere the great artist, painter or musician, and society as a whole looks upon them as not quite ordinary beings. And they are not. They are a cut above Man. They were born this way and he who can communicate to others is a higher being who builds new worlds. A Grade 0 Release achieves this ability to communicate.

**Grade I —** Enable you to handle problems. The being who can recognize the actual source of problems and so see them vanish is too rare to be easily comprehended. Man "solves" problems. A being in a higher state looks at them and they vanish. There are fantastic phenomena here which Man has never, before Scientology, examined. When a being can do this — make problems vanish with a glance — he certainly is no longer Man. A Grade I Release is able to do this.

**Grade II —** Give you relief from the hostilities and sufferings of life.

Man has never known, except in some of the rare miracle workers he regarded as saints, how to bring relief to various ills. The secret was that one is connecting oneself to what he abhors. To be able to easily bring relief to oneself and others from the hostilities and sufferings of life is a skill Man has seen only in healers. A Grade II Release has this ability.

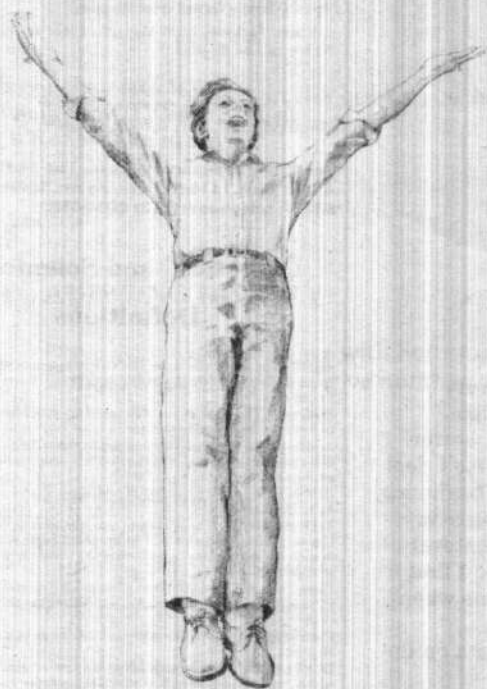

**Grade III —** Give you freedom from the upsets of the past.

Man is chained to the upsets in his past. He has never known why he felt so upset and misunderstood about his family or people or situations. Most men dwell perpetually on troubles they have had. They lead sad lives. Freedom from the upsets of the past with the ability to face the future is almost an unknown condition to Man. It is attained as a Grade III Release.

**Grade IV —** Give you the ability to face the future and to change conditions. Man's abilities tend to be individually specialized. He is so intent upon some action that he is clumsy in performing others. Moving out of a fixed condition and being able to do other things is attained as a Grade IV Release.

This, then, is just part of what Scientology can do for you. We will never betray your faith in us as long as you are one of us. We look forward to having you with us.

# Focus on Success

## Film Producer started career after Scientology services

Lon Tinney started *Scientology* services when an auditor asked him if he wanted an auditing session.

Prior to getting *Scientology* auditing he worked at a job he hated and was quite depressed about the future. After receiving some processing he went back to what he wanted to do in life — he became an artist again. Only this time he became a successful artist.

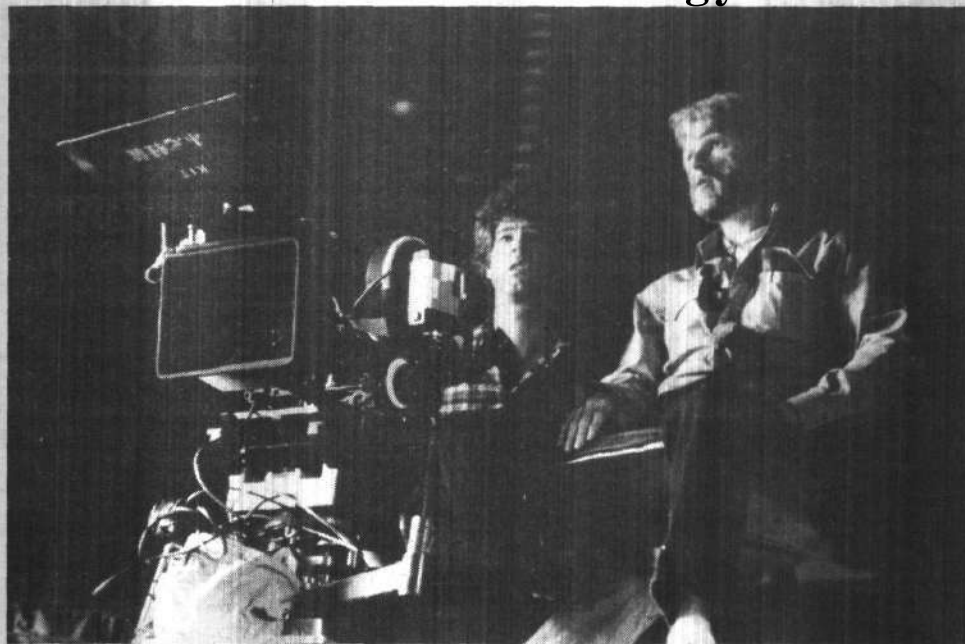

Lon was the production manager for Star Wars special effects using miniatures and opticals. He helped create those fast-paced space battles which held us riveted to our seats.

He went on to direct and produce various movies of the week on television and continues his successful career at this.

He produced a very successful *Dianetics* TV commercial that resulted in highest booksales to that date.

Lon is currently on the Saint Hill Special Briefing Course at the American Saint Hill Organization. Lon finds that the books and materials available on the Saint Hill Special Briefing Course are "milestones in understanding myself better".

According to Lon, "The Saint Hill Special Briefing Course teaches you to

operate more efficiently in life. As a result of what I have gotten from this course, I am better able to do what I do in the film business. I am doing it with new awareness and

higher levels of cause over the environment." •

## Trained Auditor causes "miracles" in hospital

Saint Hill Special Briefing Course Graduate Bill Baikie recently visited a *Scientologist* friend in the hospital to give him a simple *Scientology* assist called a touch assist.

His friend rapidly improved and this was noticed by the other *non-Scientologist* patients.

Bill Baikie gives touch assist to hospital patient

A patient in the next bed said, "I wouldn't mind some of that" and Bill started giving him the assists as well. This patient had been paralysed from the neck down and had no feeling at all in his body and limbs. After 2 weeks he was startled to discover that he had sensation in his feet.

The other patients in the recovery unit now became very interested and the demand for this "miracle" *Scientology* assist sharply increased. Bill has been joined by 4 other auditors (all members of the the Auditors Association of the American Saint Hill Organization) helping him serve the patients. •

## IMPORTANT DATA ON Training Scholarships

Certain upstat and important people are being offered partial Scholarships for *Scientology* training.

These partial Scholarships count on course donations. Only one Scholarship will be awarded per person. However those eligible for a Scholarship may enroll on as many courses as they wish at one time and make their donations at that time. The Scholarship will apply to all these courses.

See the Registrar for application.

## Real Estate Agent regained vitality and rocketed income

Nancy Parodi was a real estate agent in Alaska making a moderate income, depressed about the death of her husband three years before and was drinking heavily. It was then that she met up with a *Scientologist*, who seeing that she needed help, put her in session on the spot. He audited her on the death of her husband and restored her vitality and interest in life.

As she received more processing in the *Scientology* mission in Anchorage, Alaska, her income rocketed from \$20,000 per year to \$100,000 per year. When she reached the higher processing states, she realized the vital necessity of getting trained as an auditor.

She then came to the American Saint Hill Organization (ASHO) Day to do the Saint Hill Special Briefing Course.

"I left my career in Alaska because I knew I had to get auditor training. And it was totally worth it. As a Saint Hill Special Briefing Course Graduate I have stability and certainty of myself. I can handle anything that comes up because I am trained. Everyone has an innate desire to help. But when you are trained, you can really do it. As an auditor you can free people from the emotional upsets of their past and give them new life. I got into the *Scientology* philosophy because someone had the courage to audit me. That's why I am an auditor!" •

## Public Health Nurse helps patients with Scientology technology

Several years ago, Linda Bosley was unhappy and drifting in life lacking a basic purpose. In her occupation as a nurse she was continually frustrated by her inability to help people beyond bandaging them up. She really wanted to be able to permanently fix up their lives.

Then her sister sold her a copy of *Dianetics: The Modern Science of Mental Health*. She read the book and was inspired by it to go to the Church of Scientology San Francisco to take services. After receiving services her relationships began to improve instantly and she fully realized her basic purpose to help people and decided that the best way to do that was to become an auditor. She enrolled on the Academy Auditor training levels at the San Francisco organization.

In the course of her auditor training, she decided to become a professional auditor and that meant doing the Saint Hill Special Briefing Course. "It was very simple, I just decided to do it and I did it. I had to move from San Francisco, which I love, to Hollywood but that is like every other move in life. If you decide to go to college, you go where the college is. I wanted to become a professional auditor and for that I had to go to the American Saint Hill Organization (ASHO)."

Since beginning the Saint Hill Special

Briefing Course, she has become very causative in life. "I don't fold up like I used to. I handle situations 100/r better. In my work as a Public Health Nurse I deal with all kinds of people and since beginning the Saint Hill Special Briefing Course my ability to help them and handle whatever they have to say has come way up. I find that increasingly people come to me when they want help with things."

Linda has also found that the data on the Saint Hill Special Briefing Course is immediately applicable to life. "It seems that the answers to whatever I am confronting in life are covered in a book or tape that I happen to be reading or listening to at that time on the Briefing Course."

She has also found that the Saint Hill Special Briefing Course is the cheapest way up the Road to Total Freedom. "As a Briefing Course student I have saved thousands. I have gotten a tremendous amount of free auditing by co-auditing [a co-auditing team is where two people audit each other alternately] with fellow Briefing Course students. I also got the Solo Auditor's course absolutely free with the Saint Hill Special Briefing Course. There is no better way to get up the Bridge to Total Freedom gradation and awareness chart than on the Saint Hill Special Briefing Course."

## Focus on Success continued

### Musician Gained New Abilities after Saint Hill Special Briefing Course

Dan Wheaton got his first *Scientology* processing in Toronto as a member of a band before he was even a *Scientologist*. A fellow band member who was a *Scientologist* would prepare Dan and the other members of the band for a concert by giving them *Scientology* group processing.

Having had his first taste of the *Scientology* technology and liked it, Dan, at the urging of this fellow band member, went to the Church of *Scientology* in Toronto and signed up for the Hubbard® Qualified *Scientologist* course. Seeing that he could help others as a *Scientology* auditor, Dan continued his *Scientology* training through the

Academy Levels 0-IV at the Toronto *Scientology* organization.

It was then that he and his wife decided they wanted to become truly professional auditors and do the Saint Hill Special Briefing Course. They began sending donations to the American Saint Hill Organization for it and very shortly they had the Briefing Course and Internship donated for. At that point they moved to Hollywood to start course.

On the Saint Hill Special Briefing Course, Dan gained the ability to be true to his goals. "The Saint Hill Special Briefing Course has given me the stamina to keep going, to know what I want and to know when I have gotten it."

Dan found the Saint Hill Special Briefing Course of great assistance in his musical career. "The Saint Hill Special Briefing Course inspired me musically. My ability to select subjects, to learn new techniques, to deal with the people in this business has come way up."

"The music group I am now with has done 12 songs and we now have a major movie producer interested in using one of our songs in an upcoming movie." •

## Clears: Your Next Step on the Road to Freedom is at American Saint Hill Organization Day

**ASHO Day's technical experts will prepare you to get through the "Wall of Fire" standardly**

**START NOW!**

You are Clear. You have a job to do and that is to get to OT III FAST because as LRH says: "ANYONE WHO IS CLEAR BUT NOT OT III HAD BETTER BE PUSHED UP TO OT III FAST BECAUSE OTHERWISE HE IS AT RISK."

From C/S Series 73RA, HCOB 23 Dec. 71 RA

You have graduated to being Saint Hill public and your next services should be taken at ASHO Day because your auditing and training must now be very standard and this can be assured under the experts at ASHO Day, the top training org on the planet.

As a Clear, your first service is the *Clear Certainty Rundown*™ counselling. This action is designed to verify and rehabilitate the State of Clear, and can provide a stable starting point for your continued progress on the Road to Total Freedom.

Upon completing *Clear Certainty Rundown* counselling and attesting to Clear, your next service is the *Sunshine Rundown*® pastoral counselling enhancing the State of Clear. Per LRH this action "gives the Clear a fresh, new

outlook and really orients him to present time as a Clear."

HCOB 15 Nov 81 The *Sunshine Rundown*

You are now ready to begin your basic auditor training for the OT levels, Solo Course Parts I and II. The place to do this course is ASHO Day, the top training org on the planet. Here, on a perfect gradient you learn the basics of solo auditing — the basic skills you need to audit yourself up to and through the "Wall of Fire" on OT III. ASHO Day specializes in the delivery of the Solo course and has all the required training materials along with highly-trained Case Supervisors to C/S your first solo sessions.

While you are doing the Solo Course, ASHO Day also gets you ready

case-wise for the OT levels with OT Preparations and OT Eligibility auditing. These auditing services are your final polish before beginning your flight to OT and their purpose is to remove any blocks on your case to swift and sure progress up the OT levels.

These services complete, you are now ready for your next step on the Road to Total Freedom, New OT I, done at the Advanced Org.
